

## Pikes Peak Paralegals presents:

### **Criminal Defense, Domestic Relations, and Estate Planning** **By** **Jack Roth, Esq.**

**Jack Roth is a Senior Associate Attorney** at The Gasper Law Group. Mr. Roth's legal career began as an intern for the Douglas County District Attorney's Office. He earned his Law Degree from the University of Denver in 1999 and after graduation he joined the Fourth Judicial District Attorney's Office. After leaving the DA's office he joined the Violent Crimes Assistance Team at the Colorado Attorney General's Office, Special Prosecution Unit and then transitioned to private practice. Mr. Roth's practice now focuses on criminal defense, domestic relations and estate planning. He tells us these areas of practice interconnect and impact one another very often. Join us and hear Mr. Roth's perspective!

In any remaining spare time, this fifth generation Coloradoan enjoys researching the history of Colorado's historic ghost towns and mining towns, taking his German Shepherd on hikes, and yelling in frustration at Broncos, Avalanche or Rockies games.

Join us and hear Mr. Roth's perspective on how criminal defense, domestic relations and estate planning interconnect!
